## Work experience

### Since september 2024

DEVOTEAM | Luxembourg & Belgium

### Account Manager - Consulting & Cloud Solutions

DEVOTEAM is a leading consulting firm that provides innovative technology and management consulting services to businesses across Europe and the Middle East. With a focus on digital transformation, DEVOTEAM helps organizations navigate the complex landscape of emerging technologies and drive sustainable growth. Main areas of expertise : Cloud, Security, AI, Data, Platform.

Key responsibilities for Luxembourg market :

- Developing and maintaining strong client relationships (client industry : banking, transport, insurance, etc...) in a multicultural environment.
- Identifying new business opportunities (nearshore extended team, upselling, etc...)
- Collaborating with cross-functional teams to deliver tailored solutions (pre-sales, delivery)
- Supporting the implementation of digital transformation strategies
- Engaging in recruitment phases to meet client talent requirements (sourcing new profil)

Fixed price, T&M, support / maintenance contract and licence selling.

Focus on Microsoft and Service Now services :

- Microsoft (Azure cloud migration, M365 implementation, Copilot adoption, Power Platform application development)
- Service Now (module integration, implement DORA / NIS 2 with SN, etc...)

### From december 2023 to august 2024

SYNERGY FRANCE | Lille & Paris

### Account Manager

Playing an active role at SYNERGY France in the commercial development of service and integration activities. My aim is to develop your data-related projects in order to enhance the value of your organization's data, in line with your specific business uses.

SYNERGY France is a Digital Services Company specialized in the implementation of data management solutions, Business Intelligence project management and related solutions. SYNERGY FRANCE is also an integrator partner for some of the most powerful data solutions on the market, including Talend, Snowflake, Tableau, Power BI, Meta-analysis, etc.

Our offering is structured around four main pillars:

- Data integration (ETL/ELT, CDC, Data Lake, Data Warehouse, etc.)
- Data analysis (Reporting, Data Visualization)
- Data Science (Attrition Score, Predictive Maintenance, etc.)
- Data governance (Data catalog, Data traceability, RGPD, etc.)

In charge of commercial management of customers in the following fields

Industrial and Manufacturing (ORANO, AIR LIQUIDE, GIVAUDAN, etc.)

Transport and Logistics (MARTIN BROWER, HEPPNER, etc.)

Pharmaceuticals (GIPHAR)

Telecommunications (TDF)

Media

Achieved €2M+ in sales annually by driving key account growth and successfully closing software and services contracts.
